CONTRACT LET FOR DEEPENING OF ROCK RIVER

I.N.U. Co. Engages Ottawa Firm To Dredge Channel In Stream

The contract for the deepening of Rock river from a point west of the dam on Ottawa avenue, west to the foot of College avenue, was awarded yesterday at the offices of the Illinois Northern Utilities Company to the firm of L. A. Wilson & Company of Ottawa, Ill. It is expected that the work will be started within the next three weeks, as soon as equipment is on hand.

The contract calls for the removal of 60,000 yards of sand and gravel from the bed of the river, providing a channel along the south shore, 350 feet in width with a minimum depth of four feet. The cost of the improvement is estimated at approximately \$35,000. The improvement will provide a deeper channel from below the hydro plant on Ottawa avenue to the steam station on College avenue, by which it is expected to increase the efficiency of both stations.

To Fill Deep Holes.

The contractors will use a 12-inch suction dredge to remove the sand and gravel from the bed of the river. A great deal of the material will be utilized in the filling of two deep holes. One of these is east of the Galena avenue bridge near the north shore and the second is east of the Illinois Central bridge along the north shore, where material was pumped from the bed of the river for the filling in of the high school property. Four of the smaller islands between the railroad bridge and the Galena avenue bridge are also to be removed by the dredging.

Much of the material to be used in the deepening of the channel will be floated down Rock River from Rockford.

The big 12-inch suction pump will be operated by a 300 horse power electric motor and it is quite possible that the dredging operations will continue night and day. The provisions of the contract call for the completion of the work in 120 days.

The work will start east of the Galena avenue bridge and continue westward until completed. It is expected that about three weeks time will be required to assemble the equipment which will carry on the work. All of the preliminary surveys have been completed by the engineering department of the Illinois Northern Utilities Company under the direction of C. J. McLean, resident engineer. The engineering force is completing work today in locating the water mains on the bed of the river and marking them in order that they will not be disturbed during the dredging operation.

The Wilson Company has had several years of experience in river dredging having recently completed a large project in the Illinois river in the vicinity of Starved Rock.

There are 73 mountain peaks in California which have an elevation of over 13,000 feet.

Keller Won State Bar Golf Tourney

State's Attorney Mark C. Keller today received notification of his winning the Illinois Bar Association handicap golf tournament at Bloomington last week. With the notification came a handsome law volume which was the trophy awarded for this honor. Attorney Keller was one of 20 Illinois attorneys who entered the handicap match at the Maplewood course and the Lee county official turned in the low score of 70 for the 18 hole course.

Held For Uxoricide Result of Smash Up

Seymour, Ind., June 3—(UP)—A charge of murder has been made against Lawrence Cook, 22, after a secret grand jury investigation into death of his wife, Nellie, when the family auto was wrecked last November.

Mrs. Cook died of a skull fracture and Cook was taken, presumably unconscious, from the roadside. Absence of any marks upon Cook was said to have led to the investigation of the wreck, and to disclosure of other and more important evidence.

FORMER HARMON MAN, AN ALLEGED CHICAGO GANGSTER, REPORTED TO HAVE BEEN WOUNDED: JUMPS BAIL

An United Press dispatch to the Telegraph from Chicago today stated it was reported that Leo Mongoven, formerly of Harmon and allegedly a former "Bugs" Moran bodyguard, was wounded in a gang shooting on the northside last week received partial confirmation when Leo failed to appear for arraignment on a charge of carrying a concealed weapon.

VILLAGES ARE EVACUATED AS FIRE ADVANCES

Port Arthur Threatened: Flames Sweep Across Hundreds Of Miles

Winnipeg, Man., June 3—(UP)—A wall of flames swept across hundreds of miles of forest lands in northern Ontario today and the city of Port Arthur was reported threatened. Smaller communities were being evacuated.

Every home in Dymont, Ont., was abandoned when the flames threatened to wipe it out. Women and children hastily gathered up whatever belongings they could carry or pile into a special train which left last night to rush them out of the danger zone.

All the men of Dymont remained behind to battle for their homes. It appeared to be a forlorn hope, dispatches said here.

Several persons are missing, believed to have perished in the roaring flames. Many homesteads have been destroyed. The flames raged through the bush lands and across the scrub and clearings in a direct path to the isolated homes.

Aviator Missing

A plane in which Paul Gerten, chief pilot of the Ontario Forestry Air Service left here to aid the fire fighters, was found today at Allamwater. The plane was floating near the shore of the lake, with the engine shoved through the cockpit. No trace of the aviator was found.

Allamwater is 74 miles east of Sioux Lookout, Ont., where the forest fires are raging with intensity.

From Nipigon, on the east, to Sioux Lookout, on the west—a front of 200 miles—the fires have ruined hundreds of acres of virgin timber, pulpwood, homestead lands and summer resort regions.

Refugees from Dymont were sheltered in the community building at Ignace. In Upsait township the fire was reported out of control. Three buildings were destroyed, according to last reports.

Rain May Be Benefit

Airplanes were sent into service to carry fire rangers and equipment to Ontario Lake, northwest of Port Arthur. Fire there was threatening the Ontario river dam, adding the danger of floods to that of flames. A patrol was watching the dam.

Rain clouds gathered over portions of Manitoba today, promising aid to weary volunteers in their fight to keep the fires from spreading into Port Arthur.

Early in the afternoon the first rain began falling as the volunteers were digging ditches to prevent the flames from reaching the Port Arthur suburbs. Authorities said a heavy rain would be needed to extinguish the fires.

Reports from the Thunder Bay district said rain had improved conditions there.

Probe Collision Of Air Ferry And Tug

San Francisco, June 3—(AP)—Two branches of the Department of Commerce began an investigation today of the collision between a San Francisco-Oakland air ferry and a tug boat in which two pilots, and six passengers of the plane were injured, one woman seriously, yesterday in the Oakland Estuary.

Inspectors of the aeronautical division were to question George MacCullum, pilot, and Fred Hammer, co-pilot of the plane, while the crew of the tug, which was towing two sand barges, prepared to go before federal steamboat inspectors.

Five of the plane's passengers were women, one of whom, Mrs. J. F. Hawley, 59, San Francisco, received a possible skull fracture and was suffering from hemorrhage of the brain. The others escaped with slight injuries.

Paint of a dark greenish hue has been found in England to make airplanes nearly invisible when flying against clouds or in the rays of searchlights.

Judge Daniel Trude. Neither the gangster nor his attorney was in court.

Judge Trude ordered Mongoven's \$10,000 bond forfeited and set a new bond for him of \$20,000. The judge then issued a capias for Leo's arrest on a charge of "jumping" his bail.

Attaches of the court said they had heard that Mongoven had been wounded but that they were unable to confirm the rumors.

Three Killed in Beer Feud

Three Chicago gangsters were killed and one man and a woman were seriously wounded when a new beer war broke out at the Manning Hotel, near Fox Lake, Ill. Machine guns, fired through a window, sprayed this table with lead as the victims were eating, drinking and making merry. Photo shows (left to right) Atty. A. V. Smith of Lake County, Serg. C. F. Reynolds and Serg. Frank Donahue of the coroner's office, as they sought clues to the killers in gangland's latest massacre. Food and drinks are still on the table and the chairs in the position they were left as the victims tried to flee.

GANGLAND WAR TO FINISH NOW OFFICERS' FEAR

Thugs' Guns Blaze Again As Police Round Up Known "Enemies"

Chicago, June 3—(AP)—An epidemic of murder—eight in three days, with six persons dangerously wounded—today was treated with the police panacea—an intensive, city-wide roundup of bad men.

More than 200 persons, including three who are listed among the Crime Commission's "public enemies," had been arrested at dawn, but even as the squads spread over the city, guns blazed again; this time at the rear of the fashionable Belmont hotel, Belmont and Sheridan road.

Several persons saw the flash of the guns in the north side alley and heard the shots. Guests in the hotel were awakened by the roar of the guns; but no victim was found. A policeman reported seeing an automobile racing down Belmont avenue shortly after the shots were heard last night, a man's form slumped in the seat beside the driver, and the tonneau filled with other men.

Police Commissioner Russell, ordering the roundup of gangsters, hoodlums and suspicious characters, concentrated his men in the Sicilian sections. Two of the eight gun victims in the last three days have been Sicilians, and several others have been wounded. The Commissioner also believed that in the Sicilian colonies will be found men allied with the beer rings which are blamed for the outbreak of gunnery.

Among the 200 arrested as first fruits of the roundup were Jack McGurn (called the machine gunner of the Capone gang); James Belcastro, and Rocco Fanelli—three "public enemies."

Deputy Commissioner Stepe's investigation of the gun outbreak led to the discovery that gang leaders recently have been tapping the telephone wires of each other, listening in on each other's plans and thus being able to "get the jump" on their rivals.

Stepe said he had learned that a duel to the death between Capone men and cohorts of George (Bugs) Moran was in the making. It was this knowledge, he said, that prompted the police roundup.

In the Deputy Commissioner's opinion, the recent slayings were traceable to the murder May 25 of Peter Plescia. That slaying, he said, broke the peace pact between the gangs, and war was renewed.

ATTEMPT MADE TO SHOOT RICH WOMAN IN BED

Two Bullets Fired Into Bed She Had Occupied In Night

Chicago, June 3—(UP)—Two bullets were fired by an unseen hand in a mysterious attempt early today to assassinate Mrs. Lottie Brenner Dechow, 55, wealthy wife of Henry Dechow, a young German adventurer who was the self-styled "Count von Buelow" when he married her.

The bullets shattered a window in her bedroom and pierced the covers of her bed which she had left a moment before in order to console her sister, Mrs. May Gross, who was weeping in another room over the recent death of her husband.

In seeking a motive for the shooting police recalled a robbery in which the "Countess" was forced by bandits posing as census takers to part with \$50,000 worth of jewelry when they entered her North Shore mansion, March 31.

Mrs. Dechow's martial troubles also came under the scrutiny of the officers and they questioned her in an effort to ascertain whether Dechow, whose arrest she recently asked on a charge of false swearing in procuring their marriage license, bore her any ill will.

"I'm sure Henry wouldn't do it," she said, "for although he's traveling in bad company and lived off my money, he wouldn't be that vicious."

Emeritus Professor Of U. of W. Is Dead

Madison, Wis., June 3—(UP)—Stephen W. Gilman, 73, Emeritus Professor of Business Administration at the University of Wisconsin, died suddenly at his home here last night. He had been on the University faculty for 15 years before his retirement in 1929. Last month he suffered a breakdown while lecturing in California, but had showed signs of recovery.

At the age of 39, after he had been in business in Chicago for nearly 20 years, Professor Gilman entered the University of Wisconsin Law School from which he graduated in 1899. He joined the faculty in 1903, and 10 years later became a certified public accountant. In later years he was known as a national authority in accounting.

Professor Gilman was born in Jacksonville, Ill., July 11, 1858. He is survived by his widow and one son, Stephen, Jr., Chicago.

ELEVATOR ENDS LABOR

Tokyo—(UP)—For centuries pilgrims to the famous temple town of Nikko have toiled up a long slope to reach the base of Kegon Falls, one of the beauty spots of Japan. Now they may ride all the way, for an automatic elevator has been installed at a cost of \$75,000.

BISHOP CANNON DEFIES SENATE COMMITTEEMEN

Refuses To Answer Concerning Political Work In 1928

Washington, June 3 (AP)—Bishop James Cannon, Jr., today flatly declined before the Senate Lobby committee to answer a question about his political activities in the 1928 presidential campaign.

Senator Walsh, Democrat, Montana, in adjourning the committee informed the Bishop that "of course you will have to take responsibility" for declining to answer.

Cannon replied the committee's investigation of him was "persecution." This stirred the crowded committee room into laughter, applause and hisses.

"I cannot help but get the implication in that statement," said Walsh.

Cannon hastily replied: "I do not charge you, Senator, with persecution."

Just previously the Bishop had charged that wet and Roman Catholic interests had tried to discredit him. Walsh is a Catholic, and a dry.

Question Unsettled

Asked in particular about organization of the anti-Smith movement at the famous Asheville meeting, the southern Methodist leader, fresh from exonerated at the hands of his church conference, put it up to the committee itself to decide whether he had not grounds for objecting.

For the time being, the question went unsettled, as committee members argued with the witness. Previously he had testified freely as to his work as head of the Southern Methodist Board which supports prohibition.

But when the questioning verged to the 1928 campaign, he said: "This attempt on the part of this (Continued on page 2).

FAMILY REUNITED.

Benton, Ill., June 3—(UP)—Ezra Knight was back with his wife and son today, but in the county jail here instead of at the Knight Home.

Knight was arrested at West Frankfort yesterday for violation of the prohibition law. His wife and son, Ezra, Jr., are in the same jail serving sentences for liquor law violations.

HIGH DIVING EASY?

Indianapolis, Ind., June 3—(UP)—Mrs. William Johnson was thrilled when a carnival high diver leaped 50 feet into a net.

"That's wonderful," she said to her husband.

"That's nothing, I can do it," he replied.

"If it's so easy, let's see you do it," she challenged.

Johnson leaped and struck a guy rope.

He was near death today with a broken back.

NOT DINOSAUR TRACKS.

New York, June 3—(UP)—Uncovering of another geological "find" ended rather prosaically at Great South Bay, Long Island, when "Dinosaur" tracks were found to have been made by an ordinary farm tractor.

Residents, hearing strange snorts at night and seeing strange tracks the next morning, feared one of the prehistoric monsters was cavorting in the vicinity of their homes.

Captain Sullivan of the Blue Point Coast Guard station found rum runners had been using a tractor to transport liquor across a strip of sandy beach that offered no traction for automobile tires.

British Approval Of Treaty Is Seen

London, June 3—(UP)—Approval of the London naval treaty by the British House of Commons early in July was predicted today on the basis of the House's action in rejecting a Conservative motion unfavorable to the treaty.

The motion was put by Stanley Baldwin, Conservative leader and former Prime Minister. It provided for appointment of a committee of eleven Commons members to examine the treaty and report to the House on it.

The House rejected the motion by a vote of 282 against and 201 for.

The rejection of the motion was the second time within recent weeks the House had given differential approval to the treaty as it now stands, which led to the prediction of ratification.

Baldwin, in putting his motion, called attention to the United States custom of having Senate hearings on a treaty before presenting it for debate in the full chamber.

Dementtown Pool Room Was Entered

The Henry Wenger pool room on Depot avenue was entered, presumably about 3 o'clock this morning, and an effort made to crack the safe. A hammer, two pairs of pliers and an old file, which were found in the building, were used effectively in battering off the dial. Entrance to the poolroom was gained by forcing the lock on a rear door. As far as is known the safe was not opened and the intruders apparently were frightened away before completing their job. Officer Gilbert Glessner discovered the place of business had been entered about 3:15 this morning and upon investigation, found the rear door had been forced. A night light which is kept burning in the pool room had been turned off before the cracksmen began operation.

RAILROAD ORDERED TO CUT SPEED OF TRAINS ON CURVE TO AVOID RUNNING THEM THRU HOUSE AT BELLEVILLE

Springfield, Ill., June 3—(UP)—Prospects of a train hurtling its way into the home of George Kardinsky, Belleville, were believed to be considerably lessened today as a result of a ruling by the Illinois Commerce Commission here yesterday.

The ruling was made in the case of Kardinsky versus the Illinois Central Railroad, and ordered the railroad to observe a fifteen mile speed limit on a curve near Kardinsky's home.

Kardinsky complained to the commission that he was in constant fear of having passenger or freight trains crash into his home, as a result of previous accidents near the scene.

In December, 1927, Kardinsky said, a passenger engine was derailed and four coaches left the tracks, all piling up in his yard.

Testimony at the hearing indicated Kardinsky lived in constant fear of a speeding train crashing into his home and as a result moved out of it early last year.

It was only a few days after he had moved, testimony showed, that another train was derailed close by and two trainmen killed.

THIRTEEN GAIN FREEDOM FROM STATE ASYLUM

Are Armed With Knives And Razors: Two Of Fugitives Caught

Ionia, Mich., June 3—(AP)—Thirteen insane criminals, five of them slayers, armed themselves with knives and razors, imprisoned two guards, threatened the Night Supervisor with death and escaped from the State Hospital for Criminal Insane early today.

Two of the fugitives were recaptured on highways a few miles from the institution within a few hours while city, county and state officers engaged in a widespread search for the others.

Before leaving the institution the inmates opened cells releasing 24 prisoners but none of the others joined in the break. They also cut telephone wires.

Dr. Perry C. Robertson, Superintendent of the Hospital, blamed the break on the limited facilities which make it necessary to confine 18 men with dangerous reputations in a ward, rather than in separate cells.

Guards Overpowered.

The Night Supervisor, Gene Owen, was called to the ward on the third floor by U. S. Davis and Bert Hill, guards, at 2:30 A. M. after the latter had been told by an inmate that some of the men there were trying to escape. As they opened the door the three men were set upon by the prisoners who had armed themselves with improvised knives and with razors. The two guards were locked in a washroom and Owen was taken through the building to the front gate.

One of the men held a knife to Owen's throat and told Guy Carbaugh, guard at the gate, that Owen would be killed unless the gate was opened. Carbaugh let them out. They took Owen outside the gate before scattering in different directions.

Officers Patrol Roads.

A guard was dispatched to Ionia, a mile and a half away, to notify Sheriff William Franch, who started the search, aided by officers of other counties and state police.

The two men recaptured were Istvan Csordas, Detroit killer, and Charles Kenney, committed from Detroit for robbery.

By sunrise approximately 40 officers were patrolling the highways, watching the fields and thickets and warning motorists.

Ionia county is on the main highway between Lansing and Grand Rapids and is a favorite for "chick hikers." The two men recaptured during the early hours of the search apparently had intended to ask motorists for rides.

Ionia is a city of about 6,500 population and is the home town of Governor Fred W. Green.

Member of Dixon's Lincoln Board Dead

J. B. Oakleaf, 68, prominent Moline attorney, world famous authority on Lincoln and a member of the state Dixon Lincoln Memorial Commission, which is in charge of the erection of the Lincoln marker in this city, contemplated this summer, dropped dead in his office Monday afternoon. Apoplexy is thought to have caused the death of the well-known man who had many friends in Dixon and who had been expected to be one of the speakers at the dedication of the Lincoln Monument here this fall. Mr. Oakleaf was reported to have the most authoritative collection of books on the martyred President in existence.

43 States To Hold Their Primary Vote

Washington, June 3—(AP)—With Florida voting today and North Carolina on Saturday, 43 states will be left at the close of the week on the list of those still to nominate candidates for the elections of November 4.

All members of the House are to be chosen this year, together with 35 Senators and many high state officers. Pennsylvania, Kansas and Ohio are electing Senators out of the regular order. Ordinarily 32 Senators are chosen every two years.

State offices only were at stake in Florida today.

English Professor Killed By Student

Cambridge, England, June 3—(AP)—A. F. R. Wollaston, a tutor at King's College, Cambridge, was shot and killed today by a student who later wounded himself.

The student, whose name was temporarily withheld, was also stated to have shot and wounded Detective Sergeant Wilson of the Cambridge police.

NEWS OF THE CHURCHES

PENTECOSTAL SERVICE
A special Union Pentecostal Service will be held in the Methodist Church, on Wednesday evening at 7:30 P. M. when the Rev. Hugh L. Moore of the Central Presbyterian Church, Rock Island will speak. All the protestant churches are uniting in this mid-week meeting. We hope the people will turn out in large numbers to hear this gifted preacher of the word.

Preacher On Trial On Abduction Charge
Alton, Ill., June 3—(UP)—Trial of Rev. A. L. Shoemaker, former pastor of the Edwards Street Pentecostal Church, charged with abducting a girl member of his choir, brought many women but fewer babies into the courtroom today.
Judge Levi Yager exasperated by the crying of several infants yesterday, told the mothers, "Dear women, if you must come to this courtroom, please leave your babies at home."
Miss Bernice Ford testified that Shoemaker induced her to make a trip to Missouri with him two years ago. She said that affidavits she later signed, and which were produced by the defense to show she did not make such a trip, had been written at his request. "He said he would marry me if I signed them," she said.
Shoemaker faces two charges of abduction in connection with an evangelical trip to Florida last fall. Two other members of his choir, saxophone players, accompanied him. Abduction is punishable by a prison sentence of from one to ten years.

One Alleged Bank Robber Captured
Mancelona, Mich., June 3—(UP)—One alleged member of the gang which yesterday afternoon held up and robbed the Mancelona State Bank was captured by state police today as he attempted to leave his hiding place in a swamp six miles north of here.
He surrendered without a fight and gave his name as Sylvester Elliott of Kalamazoo.
He was captured by state police officers who were patrolling a highway, according to Capt. L. A. Lyons of the state police.

Father And Two Sons Burned In Their Home
Newark, Ill., June 3—(UP)—A father and two of his sons were killed in a fire which destroyed their home. The dead, Oliver Peterson, 49, and Carl 13 and Solvin 7.
Mrs. Peterson and her daughter, Mary, had gone to Ottawa to attend class day exercises at Pleasant View Lutheran College. A third son, Graydon, will be graduated from the college this week.
Neighbors saw the flames at the Peterson home last night. They shouted in an effort to awaken the family, but when no one responded, believed all the members had gone to Ottawa.
CARD OF THANKS.
We wish to express our sincere thanks to neighbors and friends for their many acts of kindness and sympathy extended to us in our recent sorrow, the loss of our little daughter and sister. Also for the beautiful floral tributes.
Mr. and Mrs. Wilbur Boynton and Children.

Monday, June 2—9:12 P. M.—Left Lakehurst for Seville.
Tuesday, June 3—1:10 A. M.—Passed Nantuxet Lightship 215 miles from New York.
BULLETIN
New York, June 3—(AP)—The Hamburg-American Line received a radiogram from the Graf Zeppelin today, reporting her position at 9 A. M. (E. S. T.) almost 780 miles due east of New York. At 5 A. M. the Graf was 500 miles northeast of New York, indicating she has changed her course from northeast to southeast and travelled approximately 358 miles in the last four hours.
CAREER NEARING END
Lakehurst, N. J., June 3—(AP)—Grey veteran of far-flung trails through the sky, the Graf Zeppelin, her motors singing a deep and solemn farewell, was headed out over the Atlantic ocean today for the seventh time.
The giant ship started on her homeward journey at 9:12 P. M. (E. S. T.) and at 10 o'clock was passing over New York City. At 5 A. M., she reported in a radio message, she was 750 miles from New York.
The Zeppelin on her trip to Friedrichshafen, Germany, plans a stop at Seville, Spain, which her commander expected to reach in fifty hours.
A few minutes before she rose gently last night her commander indicated that the end of the Graf's career was in sight.
By a year from next fall, said Dr. Hugo Eckener, he hopes to have three big ships, each able to carry 24 passengers and 20 tons of mail and freight, sailing on schedule across the Atlantic.
And by that time, he added, the Graf Zeppelin "can be put in alcohol and preserved."
Of the twenty-two passengers aboard, four were women. One of the women, Mrs. John H. Greaves of New York, had never been in any kind of aircraft before. Two more, Mrs. Mary Pierce of New York, and Mrs. Charles S. Parker of Cleveland, set out last night to cross the Atlantic aboard the Graf Zeppelin for the second time. Two other passengers were Sir Hubert Wilkins, the explorer, and Lady Wilkins.

King George Had Birthday Today
London, June 3—(AP)—King George celebrated his sixty-fifth birthday anniversary today, remaining quietly in Buckingham Palace while his eldest son, the Prince of Wales, took the royal salute at the "Trooping of the Colors."
The King's uncle, the Duke of Connaught, witnessed the ceremony from a balcony overlooking the Horse Guards Parade.
Hundreds of messages of congratulations from all over an empire and from other countries all over the world poured into the palace, from early morning. The members of the royal family called early to convey their greetings and the grandchildren brought little gifts.
Government offices and the royal courts of justice took a holiday on the occasion of the King's birthday.

ARBUTUS
We marched and marched across the unending plain.
The horses sodden with fatigue; our men with utter weariness were drenched but when we halted where pine needles fall like rain.
Invited rest, we there forgot our pain.
A dreaming hour, and gladness came as when Spring first revealed new fragrance to our ken.
From Mayflower blooms set free from winter's chain.
Beneath the brown pine needles glowing lay
Rose-tinted petals among their leaves of green.
And spicy wonderful perfume exhaled;
We rose refreshed, our thoughts again were gay.
Our hearts airt once more, our senses keen.
New courage came, the faith that never failed.

The Tale of an Apron Is Now Told
Some time ago, an apron started on a journey to a number of members of the Christian Church and in each home where it made its appearance the good lady of the house placed a patch and under said patch a sum of money.
The apron has reached its last destination, and will be opened next Thursday afternoon 2:30 o'clock at the home of Mrs. W. Albert Mundy, 322 S. Dement Ave., where the Woman's Missionary Society will hold their regular monthly meeting to which all the ladies are cordially invited especially those who "sewed on the patches," come and learn what is to be done with these special gifts.
June ends this year's missionary activities, have the aims been reached? If not? Why not? Is it because of lack of interest? Or are they way beyond the top? Come and hear the reports, and be ready to start off the new year beginning in July, with a zeal and an enthusiasm worthy the Lord's work.

The Mound School Closed on Thursday

The Mound School of which Miss Winona Garland is the teacher, closed on Thursday with picnic dinner at noon and a nice program. The dinner was very well attended. The music supervisor in the school, Miss Clara McCune of Sterling was in attendance. Pupils neither absent nor tardy for the entire year were Mary Jane Boynton, Gladys Scholl, and Lloyd Schott. There was one graduate this year, Robert Straw. The teacher, Miss Garland, has been retained for another year.

Chilled Diced Fresh Pineapple and Cherries, Serving 8

2 cups diced fresh pineapple.
1 cup sugar
2 cups red or white cherries (seeded).

1/2 cup grape juice
1-3 cup lemon juice
1/2 cup orange juice

Mix pineapple, sugar and cherries. Add other ingredients. Chill several hours. Serve in glass cups. The secret to this refreshing cocktail is to have it thoroughly chilled before serving in order to blend fruit juices.

Jellied Chicken Salad

2 tablespoons granulated gelatin.
4 tablespoons cold water
1 cup boiling chicken stock (water can be used).

1/2 teaspoon salt
1/2 teaspoon pepper
2 tablespoons chopped pimientos.
2-3 cup diced celery.

1/2 cup stiff mayonnaise
1/2 cup whipped cream
1 1/2 cups diced, cooked chicken.

Soak gelatin in cold water 5 minutes. Add boiling stock and stir until gelatin has dissolved. Add salt and pepper. Cool, allow to thicken a little. Mix mayonnaise and whipped cream, add other ingredients to gelatin mixture. Pour into glass mold. Set in cold place. Unmold on lettuce. Garnish with hard cooked egg slices and shredded lettuce.

Sponge Cake Baskets.

4 egg yolks
3 tablespoons orange juice.
1 teaspoon lemon extract
1/4 teaspoon salt

1 cup sugar
1 cup pastry flour.
1 1/4 teaspoons baking powder.
1 1/4 teaspoons baking powder.

4 egg whites, stiffly beaten.
Beat egg yolks and orange juice with Dover egg beater until mixture is light colored. Add lemon extract, salt and sugar. Beat until creamy.

Fold in other ingredients, mixing to hold them together. Half fill greased muffin pans. Bake 15 minutes in moderate oven. Cool, add filling.

Filling
1 quart orange sherbet
1 cup whipped cream
1/2 cup green candy strings (gum drops).

Remove crumbs from centers of sponge cakes. Arrange cakes on light green paper doilies and fill cakes with portions of orange sherbet. Spread with whipped cream.

sprinkle with green candies, cut in small pieces. Serve at once.

If desired, handles made from fine wire can be inserted in the "baskets."

Mrs. Hoover Recovers From Back Injury

Washington, June 3—(UP)—Mrs. Hoover has recovered sufficiently from the back injury she suffered two months ago to discard her wheel chair.

This became known last night when the President and First Lady entertained 44 distinguished guests at a state dinner honoring Dr. Enrique Olaya, President-elect of Colombia. It was the first time in four months that Mrs. Hoover has attended a formal White House function. Before her injury she suffered from a cold.

The dinner was attended by virtually all of the Cabinet members, their wives, other officials, and a number of the President's friends.

Says Girls Lack Proper Training at Home

Cleveland, June 3—(UP)—"Prohibition has failed because the mothers of the nation have not seen to it that it is enforced in the home," Mrs. Mary E. Cassel of Cleveland declared before the triennial convention of the Brotherhood of Locomotive Engineers.

Mrs. Cassel, white-haired grand president of the women's auxiliary, declared the enforcement of prohibition should begin in the home.

"The reason flasks are found in the train compartments of college girls is because their mothers have failed them in their home training," she added.

The auxiliary stands for prohibition without modification.

Dolores Was Nine Years Old Saturday

Mrs. L. E. Chehak entertained a group of little friends Saturday afternoon at her home 314 So. Ottawa ave., in honor of her little daughter Dolores' ninth birthday. Games and music were enjoyed and dainty refreshments were served.

The table was graced with a large birthday cake with candles and doll decorations as the centerpiece. Large balloons were fastened to each chair as favors, making a colorful picture of merriment.

Miss Elsie Neff assisted in entertaining.

The little invited guests were Mary Ellen and Bobby Jones, Marilyn and George Crawford, Paul Marth, Mabel Potter, Evelyn Worsley, Betty Reynolds, Ruth Riser, Betty Hansen, Mildred Conrad, Patsy Alexander, Jane McCoy, Dolores Chehak.

Joliet Beauty Graduates With Honors

Joliet, Ill., June 3—(AP)—"Miss America of 1927," who is Lois Delander to the home folks, will graduate Thursday night from high school, with honors.

Following her selection at Atlantic City, Miss Delander deserted school for the stage. She was a Junior when she was awarded recognition as "Miss America." Later, in order to promote her ambition to become an artist, Miss Delander returned to complete her high school course. She is 19 years old.

NEWS of the CHURCHES

CHRISTIAN SCIENCE CHURCHES

"Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, denounced" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, June 1.
The Golden Text was, "The wicked have drawn out the sword, and have bent their bow, to cast down the poor and needy, and to slay such as be of upright conversation. Their sword shall enter into their own heart, and their bows shall be broken." (Psalms 37:14, 15).
Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Beloved, believe not every spirit, but try the spirits whether they are of God; because many false prophets are gone out into the world" (1 John 4:1).
The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "As named in Christian Science, animal magnetism or hypnotism is the specific term for error, or mortal mind. It is the false belief that mind is in matter, and is both evil and good; that evil is as real as good and more powerful. This belief has not one quality of Truth" (p. 103).

CHARLES EDWARD CLAYTON

(Contributed)
Charles Edward Clayton was born in Dixon, Ill., January 21, 1924 and passed away at the home of his parents, May 26, at 4 P. M., at the age of six years, five months and six days. He was baptized January 4, 1925 and placed on the cradle roll of the Immanuel Lutheran church and has been a regular Sunday school attendant. Beside his parents he leaves to mourn his loss, one brother, Robert, aged seven. He was an unusually attractive child with a winning personality and will be greatly missed by a host of friends and relatives. Burial was from the home Thursday, May 29 with Rev. A. G. Suechting of the Immanuel Lutheran church officiating and with interment in Oakwood.
There's a vacant chair.
He will be missed.
The lips we kissed are stilled.
To this reward,
He has passed on
Because God willed.

THE LAST OF ROWDYISM.

It comes as considerable of a shock to learn that bosses in certain lumber camps of the Pacific northwest have taken to laying out golf courses among the stumps of the cut-over mountainsides where their gangs have been working.

The resulting picture is easy to imagine; the heavy-fisted bull of the woods, arrayed in golf knickers, checkered socks and a form-fitting sweater, waggles his golf in a clearing that only recently rang to the sound of axes, and whacks the elusive ball over slopes where sweating lumber-jacks toiled to bring ancient trees down to the matted sod.

It is all very surprising, and doubtless it is extremely significant, in one way or another. At all events, it would seem to indicate that the horny-handed rough-necks of tradition are growing tamed at an unprecedented rate.

A lumber-jack on a golf course! Well, times do change. But there are places where this bit of information ought to be received with loud cries of unbelief.

Peddle it through the old, cut-over Michigan white pine country, some day, and see what response you get. Michigan knew the lumber-jack in the day when he was a sign and a portent for the timid; the day when he worked like a Trojan all winter long, rode the logs down foaming rivers in the spring time at high peril to his unwashed neck, clung to one shirt throughout his life and wound up each annual drive with a two-fisted bender that jarred the whole lower peninsula of the state.

The Pacific northwest knew him in the same incarnation. Washington and Oregon can remember when the woodsman's one great diversion was a semi-annual drunk that invariably ended in an epic fight—a fight in which steel-spiked shoes descended lustily on brawny bodies, a fight in which eye-gouging and hitch-kicking were accepted as perfectly proper methods of offense, a fight which as like as not would tear down a whole building and think nothing of it.

That is the lumber camp tradition. But now—golf courses! Something has changed, somewhere.

Rowdyism is more intimately interwoven with our past than we usually think. The lumber-jack was only one among many; sailor, cowboy, miner, longshoreman, steel workers—all of these were hairy-chested, rough-and-tumble trades with no niceties or refinements.

But the old order does change, and the lumber-jack is like the rest of us. We seem to have lost the frontier forever, somehow. If they can build golf courses adjacent to lumber camps, our riotous past has been eternally buried.

TOO NEAR PERFECTION.

A young man who is just learning a new sport, a new art or a new profession is generally advised to watch the leaders in that line and see how they do things. Ordinarily that's good advice; but it occurs to us that in golf there are times when it doesn't work.

Take, for instance, Bobby Jones. In the recent British tournament, Bobby teed off on a 430-yard hole with a 300-yard drive that landed plunk in a deep sand trap. Then, unflustered, he proceeded to sock the ball out of the sand, drive it to the green, 130 yards away—and watch it trickle into the cup. Despite that his drive landed him in a trap, he had made a par four hole in two strokes!

The novice, instead of learning anything from a performance like that, is apt to be just plain dismayed. Such a stunt looks so super-human that the beginner might well think that there was no use even to try to copy the great Bobby.

WILL YOU BE ONE?

The report on automobile accidents for the past year is out at last, and its figures are extremely depressing. No fewer than 31,000 people were killed in this country by automobiles, and more than 1,000,000 more were injured. This represents an increase of 10 per cent over the preceding year.

The dreadful significance of those figures is hard to assimilate until you study them a bit. For example: during the next hour there will be three Americans killed by automobiles, and 115 more will be hurt—many of them, crippled for life.

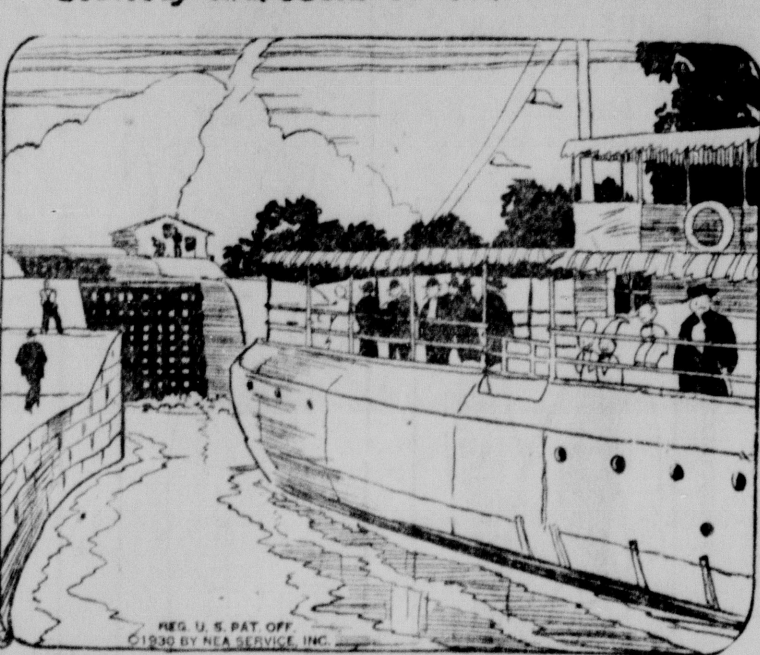

Who will those doomed people be—those who are to die or be crippled within the next 60 minutes? Well, one of them may be yourself. Or it may be that your car will be the instrument that strikes one of them down.

A violinist of some prominence dressed as a beggar played an expensive Stradivarius in a Chicago street the other day but attracted no attention. Probably because he looked so natural at shoulder alms.

Eskimos, explorers tell us, never spank their children. Probably because the worst an Eskimo kid can do is his mother's pantry is to swipe a cake of ice.

Judging from the number of strawberries they put in it, we know now why they call it a short cake.

THE TINYMITES

(READ THE STORY, THEN COLOR THE PICTURE)

Within the very fine hotel, the Tinies slept all night. 'Twas swell. The view out of the windows was a wondrous sight to see. For miles around the country spread. "Just like a carpet," Scouty said. "If I could just run round and round, how happy I would be."

Not far away we Clowny spied a long canal. He loudly cried, "Oh, my! Where does that lead to? We can't even see the end. It winds around from left to right and then it disappears from sight. Tomorrow we will hike down to that very distant bend!"

The Travel Man said, "Oh, my, lad! Instead of that you will be glad to ride along that big canal. Then you can sit and rest. Now, all you Tinies go to sleep and don't you let me hear you peep. At morn we all will take a trip, when you are up and dressed."

The morning came and, sure

enough, they found the plan was not a bluff. Right after eating breakfast they were all down on the dock. "At boat will soon be here," said one. "And then we'll have a heap of fun. The water's very quiet so I'm sure the boat won't rock."

About ten minutes they all stood and waited. Then someone cried, "Good! The boat is coming round the bend. We'll be on board real quick!" And then the boat docked by the shore and, with a merry roar, the Tinymites all ran aboard. Said Coppy, "This is slick."

The boat soon left upon its way and then the bunch heard Clowny say, "Please tell us where we're going?" And the Travel Man replied, "To Stockholm, miles and miles from here. I'll let you know when we are near, but in the meantime just sit down and all enjoy this ride."

(The Tinymites arrive in Stockholm in the next story.)

tucky.
His family moved during his infancy to Mississippi, with which state his fame has always been connected. Following his graduation from West Point in 1828, Davis served in the army for seven years, resigning on account of illness.

Davis first came into prominence as a member of the House of Representatives and later as a United States Senator. He left Congress at the outbreak of the Mexican war to enlist, and gained considerable fame as a soldier. When Pierce was elected president Davis was appointed Secretary of War but left the cabinet when Buchanan became president.

At the time Mississippi seceded from the Union, Davis was serving in the Senate. Shortly after his resignation he was elected president of the Confederate States. After the fall of Richmond in 1865 he was captured when endeavoring to escape and was imprisoned in Fort Monroe for two years. He was released on bail in 1867 and finally set at liberty by the general amnesty of 1868.

Daily Health Talk

A SAFETY DEVICE
By Joseph Colt Bloodgood, M. D.,
Baltimore, Md.

(This series of articles is prepared under the direction of the Gorgas Memorial Institute, which is organized to perpetuate the life work of the late Major-General Gorgas in preventing unnecessary illness. The headquarters of the Institute are at 1331 G. Street, N. W., Washington, D. C.)

The development of obstetrics in this country, where the professions of medicine, nursing and social service meet on common ground within and without the hospital, has been the chief factor in reducing infant and maternal mortality. The greatest advances are through prenatal care, which means periodic examinations. Yet women who go through this are not yet benefitting from the same protection that periodic examinations would give if they continued them in at least yearly intervals, whether or not they had other children.

Cancer of cervix, the outlet of the uterus, is rarely observed except in women who have borne children. The local spot that precedes the cancer is an injury during childbirth, a laceration or tear, and like any unhealed or improperly healed sore the chronic irritation of the cells in this spot may ultimately change into cancer.

The change is so insidious, and the

OUR BOARDING HOUSE

extent of possible local filtration in

the cervix is so small, that the local cancer may be hopeless before it gives any warning by something unusual in the monthly period, or its reappearance after the menopause. Periodic examinations will detect and lead to the repair of these local conditions in the cervix that precedes cancer. Many women will be saved if they seek an examination the moment they are warned, but more will be relieved if they acquire this knowledge and habit of periodic examinations.

As a rule, in cancer of the body of the uterus women are amply warned by some unusual discharge, or the reappearance of the monthly period after the menopause. Yet as in the

breast, so in the uterus an unusual discharge or its reappearance after the menopause is not always a sign of cancer, nor necessarily of a local lesion which precedes cancer. But the wise woman will watch her monthly function and never neglect to seek an examination the moment anything unusual is observed.

We are having the same difficulty in getting men after the age of forty to submit to periodic examinations of the prostate gland, and of the cardio-vascular system that we have in getting women to follow this rule. It may be unpleasant, but it is one of the modern safety devices, and its value is seen in some of the following statistics:

The enlightened individual who

seeks advice the moment he or she is warned, reduces the incidence of cancer by that early examination from EIGHTY per cent to SEVEN TEEN per cent; the hopelessness of cancer from more than FIFTY per cent to less than FIVE per cent; and the curability of cancer situated in the operable area, is increased from TEN to SIXTY per cent.

APPLE YIELD IS EXPECTED TO BE BETTER THAN '29

Although the Orchards in
Some Sections of
State Suffered

Springfield, Ill.—(AP)—Although apple orchards in some sections of the state have suffered damage this spring the apple yield for the state as a whole this year probably will exceed that of 1929, according to the State Department of Agriculture.

Joe W. Cummins, Chief fruit inspector for the department has just completed a survey of the state apple orchards at the request of Director Stuart E. Pierson.

The prospective increase in the 1930 apple crop is due primarily, he reported, to indications of heavier yields of willow twig, winesap, Jonathan and Ben Davis varieties in western Illinois counties.

Union county growers reported that fire blight has reduced the transparent crop at least 50 per cent, but that Duchess and other summer varieties have a good set. Last year, Union county shipped 335 cars of apples, of which 300 were of the summer varieties.

Other counties in the southern section showed good prospects for Duchess and Transparent apples. These summer varieties show up well in Johnson county, an important early apple section. There, too, Jonathan and Winesap prospects are fair, but Delicious orchards had a light bloom, and there was practically no bloom on the Kinnaid and Grimes trees.

In the Marion, Clay and Richland county section, prospects are fair for summer varieties and winesaps, and a light set of Grimes, Jonathan, Delicious and other fall varieties.

Calhoun county reports indicate a better yield for 1930 than it has had for several years. A crop that will exceed the eight-year average by approximately 100,000 bbls. is indicated by conditions during May.

Other counties in the western Illinois fruit belt report less optimistic prospects. Indications are that the Willow Twig production will be about normal. As to Jonathans, the observations vary widely, but apparently reflect prospects for about half a normal crop in that territory. In the other varieties, prospects range up to around 75 per cent production for Transparents, Duchess and Wealthy.

The northern section of the state reports a much heavier set than either the western or southern dis-

tricts on practically all varieties grown commercially.

Cool, dry weather, in some sections, is reported as detrimental to the apple prospects. Failure of young trees to set fruit has reduced prospective yields, particularly in Jonathan and Delicious. Blight is blamed for the reduced outlook for Transparents and Jonathans in Union county.

From the state as a whole, reports are that curculio injury is greater at this season than it has been for several years. Growers' report that it is causing an extremely heavy drop.

Throughout the growing season, information relating to the crop's development will be obtained by Mr. Cummins in line with Director Pierson's instructions.

ASHTON NEWS

Ashton—Sunny skies brought out a large attendance at the Ashton Memorial Day program given on the lawn of the high school when Rev. Park O. Bailey, pastor of the Ashton Evangelical church delivered the address. The Ashton roll of honor was read by Dr. C. R. Root and a male quartet composed of Harry Wisman and son, and Ralph Dean and son, rendered several appropriate numbers.

The Ashton American Legion attended the service in a body, veterans of the Spanish-American War and Gilbert Reed, Civil War veteran were present. Lewis Wood, another veteran of the Civil War, was obliged to miss attending this service because of poor health.

Following the address lines were formed and a procession made to the cemetery where the graves of sleeping veterans were decorated with flowers and a salute offered by the firing squad. Earl Pierce was marshal of the day. The Ashton band made its first appearance of the season at the program. While Memorial Day has never been set aside by legislation by Congress, the day is ever appropriately observed by Ashton as in every other community of our country.

Washington Grove for close to fifty years has observed Memorial Day with appropriate exercises for the sleeping veterans from her community. The Rev. Frank Campbell of Rochelle delivered the address at the Grove, the auditorium of the building being filled to capacity as many from other communities gathered to commemorate the deeds of veterans who are buried there, in many instances relatives.

William Boers, Robert Dean, Junior Hinz, and Russel Stephan composed a male quartet which sang three numbers accompanied by their instructor, Miss Josephine Neal. The

ceremony was closed with strewing of flowers on the graves of these veterans sleeping in Washington Grove's beautiful rural cemetery.

Mr. and Mrs. M. N. Glenn of Oak Forrest, former residents of Ashton, were guests of relatives on Memorial Day.

Mr. and Mrs. R. T. Allen of Rockford were visitors at the Phillip Elrich home.

Andrus Griffith is enjoying a western trip, visiting Colorado Springs, New Mexico and other western points. He expects to see Vernon Knapp while away.

Miss Norma Berg, former Home Economics instructor at the high school was a welcome guest in Ashton over the week end.

Commencement exercises for the graduating class of 1930 of eleven members will be held Tuesday evening. The following program will be given:

Processional Miss Lola Quick
Invocation Rev. A. E. Thomas
Music Girls Glee Club
Music Boys Quartet
Address L. D. Taubeneck, Bronxville, N. Y.
Violin Solo Miss Ruby Shipper
Presentation of diplomas

Benediction Rev. Park O. Bailey
Ashton Chapter O. E. S. No. 5, 5:15 will meet June 3 for the regular meeting.

The Willing Workers class of the Evangelical church will be guests of Mrs. John Achade on Wednesday, June 4.

Miss Frank Bilmire and son of Sterling were guests of Ashton relatives on Friday.

Ashton American Legion Post No. 345 will hold their annual picnic at Gardner's Grove on June 19. Mrs. John Porter will serve the dinner at her home in Chana.

Mrs. Charles Wagner, who has been ill, is reported as making recovery.

Prof. and Mrs. Willis Tower of Chicago were guests at the home of their parents over the week end. Prof. and Mrs. Tower leave for a trip to Europe with the close of school in Chicago.

Mr. and Mrs. Eugene Gibson were hosts to a group of friends on Memorial day in honor of their son and wife, Mr. and Mrs. Clarence Gibson of Madison, Wis. Among those who were guests at dinner were Mr. and Mrs. Harold Cross, Mr. and Mrs. Clarence Paddock, Milton Paddock.

Mr. and Mrs. Evan Drummond of Milwaukee were Memorial Day guests of their parents.

Mr. and Mrs. Lee Shottenkirk and Mr. and Mrs. Joe Harleman attended the wedding of Miss Mildred Walls of Rockford Saturday. Miss Walls, a former resident of the Grove and a daughter of Mrs. Martha Walls, became the bride of Gayle

Somers. Rev. Siple of Dixon officiated.

Theodore Sword, son of Mrs. Nathan Sword, narrowly escaped drowning while he and a group of boys were in bathing at Canfield's bridge in the Grove. There are several deep holes in the creek at this point and young Sword soon found himself beyond his depth, all unknown to the other lads with him.

He was going down for the second time when they discovered him. Billy Boers and Vernon Sutton immediately went to his rescue and Sword was taken from the water and given first aid treatment to which he responded. Several years ago, two brothers from DeKalb were spending the day along the creek at this point and plunged into one of the deep holes. Neither could swim and both were drowned.

Miss Crescence Stadler will enroll for the summer term at DeKalb Teachers' College on Monday.

Mr. and Mrs. Perley Cross were guests of Mr. and Mrs. John Porter at Chana on Sunday.

Rev. Park C. Bailey, pastor of the Evangelical church, delivered the baccalaureate sermon for the graduating class of 1930 at the Presbyterian church Sunday evening. The church was beautifully decorated for the occasion. Rev. A. E. Thomas presided and offered the invocation while Rev. A. J. Tavenner read the scripture.

Miss Bertha Sanford and sister, Miss Mary, were Rockford guests over the week end.

Miss Mary Aalea Tilton of Rochelle was a guest of her aunt, Mrs. Arthur Dugdale over the week end.

Mr. and Mrs. Lester O'Neill of Somonauk were guests at the home of Mr. and Mrs. Ed Wood over Sunday.

Mrs. Robert Tilton was a guest at the home of her son Cole on Friday.

Many from north of town will attend the annual meeting of the Ogle County Farm Bureau at Oregon on Tuesday.

Fire caused by a brooder stove exploding routed the Harry Campbell family from their beds at midnight to fight flames. An alarm was sent to neighbors to assist in fighting the flames as the brooder house was quite close to the dwelling house. The damage was confined to the brooder house which was a complete loss together with 350 small chicks.

Washington Grove Christian church will hold their annual Children's Day program Sunday, June 15.

Mrs. Ammerett Cooley was hosted to a group at dinner on Wednesday in honor of Mr. and Mrs. George English of Chelsea, Mich. Among the guests were Mr. and Mrs. Richard Clark, Delson Clark, of Rochelle, Mr. and Mrs. Ernest Cooley, Mr. and Mrs. Harry Bearrows.

The freshman and sophomore

classes held a picnic at Blue Bird camp Monday evening.

Miss Jessie Clover concluded her school at Rock Falls the past week.

Miss Eva Hunt will soon be home for a few days vacation, but will spend the greater part of the summer as instructor at the Gregg Business school of Chicago.

Miss Kathryn Tilton and Carl Myers of Ringwood spent the week end with Miss Tilton's sister, Mrs. Wallace Glover. Returning to Ringwood Sunday Mrs. Glover and her small daughter accompanied them for a visit with her parents, Mr. and Mrs. Fred Tilton.

Mrs. Charles Brown, formerly of Ashton, but recently making her home at Dixon, passed away at a Chicago hospital on Sunday. Burial will be made at Ashton cemetery—E. T.

ROCHELLE NEWS

This will be a luncheon meeting. The following committee will assist Mrs. Thorp: Mrs. Walter Whitson, Mrs. James Sherlock, Mrs. Walter Gale, Mrs. Clarence Tilton.

Dr. and Mrs. Thomas McEachern attended the annual iris show at Freepert, Sunday. The show was held at the Freepert Masonic Temple.

Mrs. Howard Countryman of Rockford was one of the judges.

Mrs. Calvin Countryman of Rockford is critically ill.

All report cards and records will be completed and given to the children in the grade schools at 9 o'clock on Friday morning, June 6, after which the children will be dismissed for the remainder of the school year. School will reopen on Tuesday, September 2nd for the 1930-1931 term.

Dr. and Mrs. G. D. Elmer and family of LaGrange were here Memorial day.

Mr. and Mrs. Fred Protine and daughter, Mrs. Hazel Anderson, and Miss Helen Thorp of Elmhurst, and Walter Thorp and family, of Lexington, Ky., were guests at the home of Mr. and Mrs. F. D. Thorp over Memorial Day.

Miss Hazel Talbot, a daughter of Mr. and Mrs. Robert Talbot and Miss Marian Alcock, a daughter of Mr. and Mrs. E. R. Alcock of Lynville township are in the graduating class of the Illinois Teachers College at DeKalb. Baccalaureate was held Sunday.

Mrs. Charles Benson of Rochelle and her granddaughter of Rockford, are planning a trip abroad. They expect to leave about June 23rd.

Misses Frances Lazier and Mildred Hagg spent Saturday in Rockford.

Mr. and Mrs. C. A. Anderson and son, Charles, spent Sunday with Mr. and Mrs. Keck at Glen Ellyn. Mrs. Keck was formerly Miss Irma Ren-

ner and is a sister of Mrs. Anderson.

Mr. and Mrs. Phil W. May will entertain their dinner club at Mrs. Charles Cooper in the country, on Monday evening.

Miss Catherine Sullivan is one of the graduates at the University of Colorado at Boulder. Her mother, Mrs. I. F. Sullivan is attending the exercises.

X-ray pictures have revealed that three persons who were injured on Thursday night in an automobile accident, four miles east of Dixon on the Lincoln highway near Crawford filling station, all suffered broken knee caps.

E. J. Kluger, Chicago, suffered a broken knee cap and chest bruises, while Miss Cora Hartsman, Sterling, a passenger with Kluger, suffered a severe scalp wound and broken ankle in addition to the broken knee cap, while W. D. Weter, Rochelle, traveling salesman, suffered the broken knee cap.

A. M. Guhl, retiring principal of the Rochelle township high school, will be a guest of honor at a party arranged by a group of Legionnaires and friends to be held at Spring Lake, Tuesday evening.

Saturday with her parents here, re-Miss Dorothy McEachern spent turning to Chicago Sunday morning where she is taking the nurses' training course at the Presbyterian hospital.

Three men were taken into custody by Chief of Police Ambrose D. Hodges during the week end. Hal

Cope of Earlville and Jess Bond of Mt. Vernon were given a hearing before Police Magistrate George D. O'Brien and were fined \$8.40 each on charges of disorderly conduct. The hearing of Albert Addison on a similar charge was postponed.

Miss Hattie Leveau, who is employed at the Dixon State hospital, suffered a broken arm and bruises and cuts on her head, and a woman companion minor cuts and bruises when Miss Leveau's Chevrolet was forced from the road Thursday. They were treated by Dr. C. H. Schaller.

Mr. and Mrs. Max Bunge left Friday for New York City where Mrs. Bunge is to sail on a trip to Germany to visit relatives.

Mr. and Mrs. A. T. Guest entertained their dinner club Monday evening.

Mrs. Laura Lindgren has moved her household goods to Rochelle from Genoa. She has rented a apartment on Woolf Court.

Yesterday's Stars

BY THE ASSOCIATED PRESS

Arthur Whitney, Phils.—Hit St. Louis pitching for two doubles and two singles, drove in two runs and scored two.

Baseball Gossip

BY HERBERT W. BARKER
(Associated Press Sports Writer)

The lowly Phils, battling to get out of the cellar, have turned back the first western assault in the National League this season.

While all other major league clubs rested yesterday in preparation for general east-west engagements, the Phils outslugged the St. Louis Cardinals at Philadelphia, 9-6, in a preliminary skirmish of intersectional warfare.

The victory lifted the Phils a half game closer to seventh place while the Cards, league leaders not long ago, now hold a lead of only one game over the fourth place Pittsburgh Pirates and trail the second place Cubs by one full game.

The Cardinals apparently had yesterday's battle won as early as the first inning when Chick Hafey hit Collins for a home run with two on, bringing the total count for the inning to four runs. The Cards touched Collins for two more runs in the fifth but could do nothing at all with Ace Elliott who relieved him in the seventh. Bill Hallahan, the Cards' speedball ace, sailed along smoothly for three innings but the Phils reached him for pairs of runs in the fourth and fifth innings.

Entering the seventh, the Cards held a two-run lead but Hallahan was driven out of the box in the last half of that frame as the Phils rushed into the lead with three runs. Edli pitched the rest of the game and was nipped for two more runs in the eighth. Arthur Whitney was the batting star of the day with two doubles and two singles.

The American League scored two victories over the National in exhibition games. The New York Yankees defeated Cincinnati, 8-5, and the Philadelphia Athletics conquered Pittsburgh, 8-2.

Trojans Stop Over For Chicago Event

Chicago, June 3—(AP)—Southern California's Trojans, winners of every track and field honor for which they have tried this year, pulled into Chicago today in quest of one more title—the National Collegiate Athletic Association championship at Stagg Field Friday and Saturday.

It was not expected that the whole U. S. C. team would compete but enough were figured upon to speed up competition. A "century of the centuries" would result with Frank Wykoff, winner of the 100 in the I. C. A. A. A. championships at Harvard last week; George Simpson of Ohio State, Eddie Toian of Michigan and Hubert Meier of Iowa State, as the topliners. Wykoff, Simpson and Meier have marks of .994, while Toian is the recognized world record holder at .995.

Lee Sentman of Illinois, winner of the high and low hurdle events in the Big Ten meet two weeks ago, will be back after two more titles. He will, however, encounter the best competition available if William Carls, Southern California star, who won the low in the east last week at .237, and Dick Rockaway of Ohio State, compete.

Last year's quarter-mile champion, Russell Walter of Northwestern probably will have plenty to do in attempting to make it two straight. Dills of Missouri has done .48.6, and Nate Long of Utah, has a season mark of .484. Wilson and Abbott of Notre Dame, Pete Bowen of Pittsburgh, and Vic Williams of Southern California, are other capable performers in the event.

SHARKEY APPEARS IN BETTER SHAPE THAN EVER BEFORE

Looks Heavier And Has His Own Emotions Under Control

By EDWARD J. NEIL
Associated Press Sports Writer

Orangeburg, N. Y., June 3—(AP)—The dining room of Gus Wilson's fight camp was jammed with the froth of the ring game—sparring partners, handlers, hangers-on, beer-barons and baronesses, visitors and curious neighbors, all munching food and killing time at the end of the warm lazy day.

They were there because Jack Sharkey was on the premises, training for the climax of his third campaign for the heavyweight championship. Some of them, the sparring partners for instance, had seen more of Sharkey than they wanted; to the handlers he was an old story; but for the remainder he was the object of long dusty ride from the city, the savage demi-god of the prize ring that stirs the primeval in ordinary citizens as nothing else in sport can.

An itinerant Negro musician, strumming his guitar and singing Blues, amused the eaters with his melodies and annoyed them frequently by passing his hat around for coins. Then Sharkey, restless and caged by training, lured by the music, strolled into the room.

"Give me that uke," he demanded. Sharkey gave Show.

Sharkey tilted his hat down over his eyes, leaned a chair against the wall, and twanged a few chords. He was providing the show the guests had been waiting for.

He played "The St. Louis Blues" played it in a way that shamed even the Negro's facile strumming. He played it with variations and it was good. Then in a soft tenor voice he sang the Blues.

Sharkey tossed the instrument back to the Negro, the show was over, and the curious were satisfied. The house cleared and he came across the room to sit and talk light, the thing that fills his mind every minute of the day and follows him to bed at night.

"Learned to play that thing in the Navy," he said with a big grin. "Didn't know I could sing tenor, huh?"

I'm not so good in a quartet but I can be drafted.

Seems Matured

This Sharkey, priming for his June 12 battle with Max Schmeling, seems more matured, calmer, and more capable than at any time in a career that has carried him twice within one fight of the heavyweight crown. He "blew" a battle to Jack Dempsey when he seemed to have well in hand a victory that would have meant a match with Gene Tunney in the Mauler's place in 1927. He fought lazy fights against Johnny Risso and Tom Heeney in the elimination tournament to decide Tunney's final title opponent and lost the nomination.

He seems mentally and physically "right" his third opportunity. His training has been uneventful and for ten days before the 15-round test in the Yankee stadium, he is a marvelous picture of a fighting machine, heavier than ever about the shoulders, thinner through the legs and thighs, the best boxer in the heavyweight ranks, a sharp, punishing hitter. There hasn't been a single irritating incident in the preparatory campaign to loose his hair-trigger temperament.

The big problem Sharkey has always faced—that of controlling his own emotions, restraining himself so that he fights sensibly—seems a worry of the past. He is buoyed by recent public acclaim, strengthened by the thought that he is the American defending the championship against an invading foreigner.

Alexander Given Release by Phils

Philadelphia, June 3—(UP)—The Philadelphia National League ball club today released Grover Cleveland Alexander, veteran National League pitcher.

The announcement marking the passing from the major leagues of one of the greatest pitchers of all time, was made at 11 o'clock by William P. Baker, president of the Phils.

Alexander now becomes a free agent, all clubs in the National League having waived. He will remain on the payroll of the Phils, however, until he gets another position.

Alexander first came to the Phils in 1911 from Syracuse.

DEMOCRAT SENT TO HIGH COURT BY FOURTH DIST.

Judge Orr Of Carthage Is Victorious Over Justice Samuel

Springfield, Ill., June 3—(AP)—The fourth Illinois judicial district, normally Republican, has returned a Democrat to the Supreme Court.

Judge Warren Orr of Carthage, 43 years old, the Democratic candidate, defeated Justice Paul Samuel, who was appointed by Gov. Emmerson to fill the Supreme Court vacancy caused by the death of Justice Cyrus E. Dietz of Moline, a Republican.

Early today, with only 14 precincts in the 14 counties comprising the district missing, Orr led Samuel 42-747 votes to 38,653. Two of the missing precincts were in Hancock, Orr's home county.

In conceding Orr's election shortly before last midnight, Justice Samuel, who was appointed by Gov. Louis L. Emmerson to fill the Dietz vacancy pending an election, said:

Sends Congratulations

"Returns indicate the election of Judge Warren Orr. I congratulate him and extend my best wishes. May this be the beginning of an illustrious career for him."

In a statement Judge Orr said his election was brought about with the aid of hundreds of Republican voters.

"The verdict of the people shows that they believe that the judiciary should be kept as free as possible from the influence of partisan politics," Judge Orr said, recalling his major campaign issue. Justice Samuel was assumed to have had the backing of Gov. Emmerson's organization.

In the 1928 general election, Orr was a candidate for the Supreme Court post but lost to Justice Dietz by 12,000 votes. Dietz succeeded Floyd E. Thompson, who resigned from the bench to make the race for Governor in 1928 as the Democratic opponent of Gov. Emmerson.

Announce Plans For Dairy Cattle Show

Springfield, Ill., June 3—(UP)—Schooling in the science of selective breeding and the art of conditioning, will be offered by the dairy cattle show at the Illinois State Fair, this year it was announced by the State Department of Agriculture here today.

Plans for the presentation of this feature of the fair were worked out recently at a conference between leaders in the various breed association and state fair officials.

Superintendency of the show has been assigned to Prof. C. S. Rhodes.

Urbana, dairy extension specialist at the University of Illinois.

In revising the state fair rules and regulations to increase the instructive value of the show, the judges schedule for the dairy cattle has been so arranged that ringside throngs will find abundant entertainment throughout the five day program.

The schedule follows:

August 18—4-H club dairy calves.

August 19—Milking shorthorns, Jerseys, ayleshires, dutch belt, brown swiss, Jerseys, guernseys.

August 21 — Holstein-Friesians, guernseys.

August 22—Holstein-Friesians.

Stock parade—champions of all the breeds.

For the gigantic task of judging the big rings of high class Holsteins, and to place in the Brown Swiss classes, Robert E. Haeger, of Algonquin has been appointed. Haeger has served as judge in dairy cattle classes at a dozen or more of the nation's leading cattle shows last season. He is known from coast to coast placing the awards in the state fairs of New York, New Jersey, Ohio, Michigan, Illinois, Wisconsin, Missouri and Texas.

Trace Cause Farm-To-City Movements

Springfield, Ill.—(UP)—Abandonment of farm life for that of the city can generally be traced to four causes according to Dr. Charles L.

Stewart, of the College of Agriculture, University of Illinois. His statement is based on a comparative recent report completed by the federal government, in which views of 2,745 persons who left farming for urban residence had been obtained.

The chief reasons given by those interviewed on the subject, according to Dr. Stewart were emphasized as follows:

1. Not being able to make ends meet while on the farm. This was the reason given by a full third of those questioned.
2. Physical disability.
3. To gain a better schooling for their children.
4. Financial ability to live in the city.

A similar analysis of conditions and motives causing 1,167 individuals to move from urban centers to farms, when nearly 87 per cent of the group had farmed or owned farms before, brought forth the following reasons for changing back to agriculture, according to Dr. Stewart.

1. The belief that better health would be found for parents and children.
2. The high cost of living in cities. This counted especially with those who became hired workers.
3. The tiring effects of city life.
4. Belief that the farm offers an independent life.

GIVING UP HORSE COST FARMERS 400 MILLION IN GRAIN

Figures Compiled By U. Of I. Experts Are Made Public

Urbana, Ill., June 3.—Farmers of the United States would be getting almost 400 million dollars a year more for their corn and oats crops than they are now getting if they were using horses and mules as much as they were ten years ago, according to figures worked out by E. T. Robbins, livestock extension specialist of the College of Agriculture, University of Illinois.

"Ten years ago farmers of the United States kept nearly 6 1/2 million more horses and mules than they do today. If these were here now they would earn an average of 25 bushels of corn and 45 bushels of oats annually. This would take up 6 per cent of the nation's 1929 corn crop of 2,622,180,000 bushels and 23 per cent of the oats crop of 1,238,654,000 bushels.

"Economists figure that the price of grain usually is increased about 1 1/2 per cent for each 1 per cent decrease in the crop. Such an added consumption of grain crops and a consequent decrease in the total marketings would mean a probable increase of about 9 per cent in the price of corn and 35 per cent in the price of oats. In other words if United States farmers were operating as they did ten years ago, they would be adding about 7 cents a bushel to the present price of corn and 15 cents a bushel to the price of oats.

"Applying these figures to the average annual production would mean \$192,271,800 more for nation's corn and \$201,762,150 more for the oats crop, a grand total of \$394,033,950—almost 400 million—for the two crops.

"Adding the increases to the average April farm prices of 78 cents for corn and 42 cents for oats as reported by the federal department of agriculture would give a price of 85 cents for corn and 57 cents a bushel for oats. This oats price would be two-thirds of the corn price the same as before the war, instead of practically half the price of corn as at present.

"This is why Illinois farmers often point out that those who continue to use horses and mules for field power are patronizing their own industry and helping boost the market prices of corn, oats, hay and of horses and mules. On these farms the effort at farm relief begins at home. 'Anyway,' as one farmer put it, 'who should be expected to patronize the farm industry if farmers do not?'

Farming Factors

BY CECIL OWEN
United Press Farm Editor
Washington.—(UP)—Foreign trade in farm products still remains an important element in agricultural prosperity or depression, according to an analysis by O. C. Stine, chief economist, U. S. Department of Agriculture.

Continued growth in world population causes increasing concentration of inhabitants in large industrial centers and accentuates the demand for farm products from distant countries where agricultural production is favorable. Stine said.

While most European countries

have "come back" considerably since the war in farm production, he added, they have not succeeded in becoming self sufficient and are importing more than ever before. Both the agricultural exports and imports of the United States are being maintained on a considerably higher level than before the war.

"The tendency in the United States," Stine said, "is to increase exports of a few commodities, such as apples, raisins, citrus fruits, and tobacco, and to maintain on a high level the exports of wheat and cotton, whereas the exports of some of the grains and meat are declining. On the other hand, agricultural imports are increasing. There is a tendency to increase imports of winter vegetables, vegetable oil-bearing seeds, sugar, cocoa, silk, and especially rubber.

"The rapid increase in exports of fruit is an outstanding feature of United States trade. The value of fruit exported from the United States during 1928-29 exceeded that of tobacco, amounted to about 10 per cent of the grain, and 15 per cent of the value of cotton.

"With increased purchasing power and higher standards of living, Europe is the most promising outlet for fresh, dried and canned fruit. The United Kingdom consumes at least half of the fresh apples, one-third of the raisins, and about three-fourths of the canned fruit that are exported. Germany is our best outlet for dried apples, apricots and prunes, over 80 per cent of our orange exports and a fourth of our raisins go to Canada."

Restoration to pre-war levels of hog production in Europe has greatly cut into the United States foreign trade in this commodity. The Argentine and Canada also are increasing hog production. United States exports of hogs, however, have maintained a high record.

Striking development of the textile industry in Japan and to some extent in China and growth of cotton manufactures in Canada have strengthened the demand for cotton in those countries. Coupled with the demand from these sources, an increasing home consumption has lessened dependency on European markets of the American cotton farmer, Stine said.

About 45 per cent of all tobacco in foreign trade channels comes from the United States with recent years showing a decided upward trend. A growing taste for the cigarette in China has increased exports of tobacco to that nation.

"Russia, once the world's largest exporter of cereals, is still virtually absent from the export market," Stine said, adding, "there is little indication of an early recovery of its former position."

Imported farm imports competing directly with United States products are sugar, wool, flaxseed, and subtropical fruits and nuts. Only about 20 per cent of this country's sugar consumption is produced here. Sixty percent of the sugar demand is met with imports from Cuba.

"About half the agricultural products imported do not compete directly with the products of farms of the United States," Stine explained. "The most important of these products are rubber, coffee, tea and silk. Most of the silk comes from the Orient and imports have doubled in the past 10 years. The greatest increase in trade has taken place in rubber owing to developments of the automobile industry."

VISIBLE GRAIN SUPPLY

New York, June 3.—(AP)—The visible supply of American grain shows the following changes in bushels: wheat decreased 1,644,000; corn decreased 938,000; oats increased 513,000; rye increased 68,000; barley decreased 221,000.

Farm Program Of Broadcasting For Coming Week

An entomologist, a specialist in poisonous plants and an expert on reptiles, will join in the National Farm and Home Hour program of the Department of Agriculture on Monday, June 9, to give to the radio audience "Pointers on Painless Plagues." The scientists—Dr. A. F. Stevens, Bureau of Plant Industry; J. L. Webb, Bureau of Entomology; and P. M. Uhler, Bureau of Biological Survey—have undertaken to advise farmers of the out-of-doors on ways and means of avoiding poisonous plants, insect bites, and poisonous reptiles.

Their information will be broadcast through the National Farm and Home Hour network of 35 radio stations associated with the National Broadcasting Company. Other programs of the week include talks on markets, crop conditions, poultry keeping, and home-making problems. The Federal Farm Board offers its weekly report to the farm radio audience on Friday, June 13. Weekly Review of Agriculture by Farmers Paper

Chicago, Ill.—(AP)—Producers have held cattle receipts down to small volume in the last 10 days and enforced a rally of anywhere from 25 cents to \$1 in prices, the Prairie Farmer's market review said. "At the extreme low point, average prices on beef steers at Chicago, were about \$4 lower than 10 months ago and at the lowest level in nearly three years," the review said. Demand for beef continues slow. Retail prices for various beef cuts have dropped only five to eight per cent from last July up to mid-April compared with a drop of over 25 per cent in steer prices.

"Hog prices are still in the narrow groove which has confined their movement since March. Receipts have remained remarkably uniform from week to week. Buyers are looking for larger runs in June and lower prices, but thus far, the movement has not expanded as expected. Demand for pork is spotty but better than for other meats.

"The mid-May decline in fed lamb prices carried them back close to the season's low point, and springers dropped to new lows for the season, but receipts have diminished again and another strong rally has occurred.

"The domestic wool market is showing more strength in response to the rise of five to ten per cent in the London auction, increased confidence that the rest of the Australian clip can be moved without further depression, and a little improvement in the goods situation.

"Wheat prices have tried to establish an upward trend which seems to rest on prospects of larger export sales from North America in the next two months and less favorable domestic and European winter wheat crop advices. European buyers are showing more steady interest than a few weeks ago although competi-

tion from Canadian and Argentine wheat remains keen. Argentina and Australia combined have about 100 million bushels less wheat available than a year ago.

"Market stocks of corn diminished slowly in April and early May because of unusually heavy primary receipts and only moderate demand, but the visible supply has diminished rapidly in the last two weeks when receipts fell off. After declining for several weeks, prices rallied, starting around May 10, fell back most of the way and now appear ready for another upswing, if wheat prices show any sustained strength.

"The egg market is depressed by an abundance of eggs, both fresh and in storage. There has been no letup of any consequence in the movement of fresh stock from the country. Storage stocks are the largest on record at this time and eggs are still moving into warehouses at a rapid rate.

"Butter prices have continued to decline to a new low price for the season. Production is increasing, particularly in the central and south central west where pastures generally are in good condition. Operations generally are bearish and are reluctant to buy ahead of actual needs. Speculative interest in the market is dull.

Canada Thistle Will Be Basis Law Suits

Springfield, Ill., June 3.—(AP)—Prosecution of farmers who permit Canada thistle to flourish unmolested on their farms, was threatened today by Phil S. Haner, state superintendent of plant industry, in a statement asked co-operation of Canada thistle commissioners and farm bureau leaders with state attorneys. Forms have been mailed to all the commissioners, on which complaints of violations may be filed for prosecution.

States attorneys of all counties were requested by the agricultural department representative to urge their boards of supervisors at their June meetings to aid in the enforcement of the thistle control law of Illinois.

Farm advisers, throughout the state, were asked to exercise their influence to action on the part of local officials charged with the enforcement of the laws.

BEST JUDGES IN LIVESTOCK WILL BE AT ILL. FAIR

Array Of Fine Talent Is Secured For Annual Pumpkin Show

Springfield, Ill.—(UP)—An array of some of the country's most prominent live stock judges have been engaged for the Illinois State Fair, August 16 to 23, according to an announcement by officials of the State Department of Agriculture, in charge of the exposition.

Walter Palmer, Carmel, Calif., for many years and outstanding figure in the nation's leading horse shows, has been engaged to select the winners in this class.

Three nationally known judges have been chosen to place ribbons in the sheep exhibits. For the fine wool breeds, R. O. Williamson, Xenia, Ohio, will officiate; for the medium wool classes, Prof. Claude Harper, Lafayette, Ind.; and for the long wool breeds, D. C. Lewis, of Camp Point.

Engagement for the milk goat show awarding has been given Lewis Pendleton, Dodge City, Kan., whose decisions are recognized by breeders in this class; as the last thing in milk goat supremacy, he having judged leading exhibitions in recent years.

An outstanding Aberdeen-Angus judge has been obtained in the beef cattle department. He is Stanley E. Pierce, Creston, who gained recognition several years ago as exhibitor of the grand champion steer at the International livestock exposition.

For the dairy cattle show, recognized authorities of all the breeds have been selected. Lester V. Wilson, Excelsior, Minn., who superintends the dairy exposition at the Minnesota State Fair, will judge the Ayrshire and Guernsey classes. The gigantic task of placing Holstein prizes, and that of judging the Brown Swiss classes has been imposed upon Robert E. Haeger, Algonquin, one of the best known dairy cattle authorities in Illinois.

For the Jersey classes, Prof. W. W. Yapp, University of Illinois, has been engaged. Prof. Yapp judged the Jerseys at the National Dairy Show of 1929, and his demonstrations in the arena gained recognition among the nation's cattle men as a decidedly instructive performance.

John Hubley, Mason City, who has won many championships in mule and cattle showings of national importance, will judge the jacks, jennets and mules.

This list, according to the fair officials, practically completes the staff of livestock arbiters.

For the farm products exposition, which will be increased materially this year, the judges are C. C. Chap-

Bulls Loaned To Breed In Michigan

KALKASKA, Mich.—(AP)—Dairy farmers in this county of northern Michigan are solving the pure-bred bull problem, even though they are often without sufficient funds to purchase sires.

Farmers have worked out a loan contract which permits them to borrow sires from their neighbors. The party borrowing the bull pays all feed costs and the animal is subject to the inspection of the man making the loan.

At the end of three years, the person borrowing the sire will get one-half the sale price of the animal above \$75. The other half, plus the original \$75, would go to the man making the loan.

NEW COLLEGE MAGAZINE
DAVIDSON, N. C.—(UP)—Davidson College students will have a combination literary and humor magazine next year, the result of a compromise to the proposal that the Chameleon, present quarterly literary magazine, be changed entirely to a comic publication. There will be two separate staffs for the publication. R. E. Witt, Eldorado, Ark., will be literary editor and W. C. Ragin, Wilmington, N. C., editor of the humor section.

Let Us Demonstrate the McCormick-Deering Farmall The Key to Horseless Farming

We will gladly demonstrate the Farmall on any farm power job to show that it is a real all-purpose tractor adaptable to a long list of drawbar, belt, and power take-off jobs. Plowing, tilling, seeding, haying, harvesting, threshing, baling, silo filling, grinding, sawing, road work, hauling and others—all these are simplified and made easier by the advanced design of the Farmall.

Corn and cotton farmers call the Farmall the row-crop tractor because for the first time they now have tractor power for the complete handling of these great staple crops. Yet it does more and is responsible for the ever-growing term "Farmall Farming."

WE WILL DEMONSTRATE

We have completed plans so all farmers may see and operate the Farmall. Ask for a demonstration and satisfy yourself that here is the key to horseless farming. It cuts corners of expenses and puts more profit in your pocket.

A WONDER in TRAFFIC

Oldsmobile's ease of handling and quick responsiveness make it a wonderful car in traffic. Every control operates so smoothly and effectively. Clutch, brakes, gear-shift, and steering—all work with delightful ease. A touch on the throttle, and the car flashes away as the signal light changes. And it pulls down to a smooth, silent stop immediately, when the signal's against you. As for parking, just try it yourself. Pick a restricted space at the curb—and see how easy it is to fit Oldsmobile into that space. Then, try Oldsmobile on the road. Its all-round performance will tell you why Oldsmobile is such a great car to own.

OBITUARY

W. HOWARD MARTIN

(Contributed)
The many friends of Willard Howard Martin, born in Gap Grove and having lived there during his entire life except the past few years, were grieved to hear of his sudden death May 31st at 1 A. M. in Chicago where he has been living. Death was caused by his being struck by an automobile as he was boarding a street car for his home after he had spent a very happy day attending the Memorial parade and program.
Mr. Martin was born at Gap Grove, August 29, 1853 and was united in marriage to Ida Cowan of Ashland, Nebraska, January 17, 1884. This marriage was blessed with eight children. His wife preceded him in death February 9, 1922. He leaves to mourn his death seven children: Mrs. Jake Griffith and Jay Martin of Seattle, Washington; Mrs. Lester Axelson and Clarence Martin of Chicago; Mrs. Guy Book of Franklin Grove; Lawrence Martin of Oregon; and Hugh Martin of Dixon. His daughter, Mrs. Robert Aldridge (Avis Martin) preceded him in death in a similar manner by accident August 16, 1926. He is also mourned by three sisters: Helen Martin, Mrs. Rette Eattiger, and Mrs. Elizabeth Beckwith; and three brothers, Charles, Eugene and Frank Martin. Ten grandchildren also mourn his death.
The funeral services were attended at the Prairieville church at 2:30 Monday afternoon, by a host of relatives and friends who had known and loved this gentle, kindly man for his honesty and cheerful disposition. He was a kind father and a true Christian and he will be greatly missed in the home where he has spent his declining years.
The floral tributes were many and beautiful. Interment was in the Prairieville cemetery.

FLORENCE C. REIS-OWENS

(Contributed)
Florence Catherine Reis-Owens was born March 5, 1896 at Sublette, and departed this life Friday, May 23, 1930. She was the eldest daughter of the late Fred C. Reis and Mrs. Sara Reis. She grew to young womanhood at home among her brothers and sisters. Later she attended Coplin's Business College at Dixon, Ill. In 1920 she went to Ft. Pierre, So. Dak., to visit her brother, Howard Reis. There she met Arthur J. Owens, to whom she was happily married on Nov. 10, 1920. They made their home in Ft. Pierre, S. Dak., later on in 1925 moving to Onida, S. Dak., where they have since made their home. Some three months ago Mrs. Owens was taken seriously ill and was taken to St. Mary's Hospital at Pierre, S. Dakota, where she, in spite of unconquerable obstacles, proved herself to be a most cheerful patient. She was ever happy, greeting all who came into her room with a cheery smile. For the past seven weeks her good mother proved a great comfort at her bedside. All of her acquaintances learned to love and admire her on account of her cheerful happy disposition.
On Sunday afternoon, May 25, a short service was conducted at Ft. Pierre, with Rev. B. J. Sonwab, pastor of the Congregational church at Pierre in charge. A mixed quartette rendered several beautiful selections. The entire city of Onida motored 40 miles to pay their last respects to her memory as a token of the love and esteem in which all held her.
The remains were brought to Dixon, Tuesday morning, accompanied by her sorrowing husband, her mother, Miss Frances Owens and George Zimmer of Onida, So. Dak. Services were conducted at the home of her mother, Mrs. Sara Reis, on Tuesday noon at 1 o'clock by Rev. A. D. Shafter, pastor of Grace Evangelical church at Dixon, after which services were held at the Union Church at Sublette of which Mrs. Owens was a faithful and active member. Mrs. Archie Klein and Mrs. A. W. Hartman, accompanied by Mrs. Otto Strock of Dixon, rendered several beautiful selections. The remains were then taken to beautiful Restland cemetery at Mendota, and interred by the side of her father, who preceded her in death. She leaves to mourn her untimely death, her sorrowing husband; her mother; two sisters, Mrs. Ted Carsten of Macomb, Ill., and Geraldine at home; four brothers, Harold C. Reis of Dixon, Howard K. Reis of Macomb, and Robert and Donald at home; besides a host of relatives and friends. Those from out of town who attended the funeral were: Geo. Zimmer of Onida, So. Dak.; Miss Frances Owens of Oak Park, Ill.; Mr. H. K. Reis, Mr. and Mrs. Ted Carsten of Macomb, Ill.; Mr. and Mrs. Fred Allard of Sterling; Mrs. Roy Diehl of Rockford; besides a large number from Dixon, Sublette and Mendota.

Tonight! Get Rid of BURNING FEET

The New Right Way
THE ENGLISH WAY

To take out the agony—banish all burning, aches and soreness—try the new 1930 way and in 15 to 20 minutes your foot troubles are over.

Just put two tablespoonsful of Radox in a gallon of hot water and soak your feet for 20 minutes—you never had such a joyous, invigorating foot bath in all your life—you can just feel all the acid and poisons coming out of the stuffed up pores of your poor feet.

Do this tonight and tomorrow your feet will be so strong and sturdy and vigorous that you can walk all day long without discomfort.

It's the oxygen in Radox that gets into the thousands of pores of your feet and chases out the poisons that have accumulated there for years—it's these acids and poisons that make your feet ache and burn and nothing in the world will get them out but Radox.

You can get a package of Radox at Sterling's Pharmacy or any good drug store—it is inexpensive and it doesn't put new life and vigor into and bring blessed comfort to your distressed feet—money back—Adv.

Mrs. L. H. Havens and Mr. and Mrs. John Fordham of Dixon, and the G. D. Morton and Chas. Winkler families ate dinner Thursday at the Schmaus home.

J. C. McCrea and family and Miss Frances Ryan of Clinton, Iowa attended the Memorial Day services here Friday morning.

The teachers and pupils of the high school enjoyed their annual picnic at Lowell Park Saturday.

Miss Doris Barkman and Mrs. Mary Hammer spent Thursday in Sheffield where Miss Doris played in the band at the Decoration Day exercises.

Mrs. Mae Sisler Stemple of Lock Haven, Penn., is visiting her mother, Mrs. Lizzie Sisler.

George Meurer and Ed Parker spent Saturday in Clinton, Iowa, on business.

Fayette Will Have First County Fair

Vandalia, Ill., June 3—(AP)—For the first time in more than 30 years Fayette county is to have a county fair this year. An organization known as the Fayette County Fair association has been organized and incorporated under the Not for Profit Act of Illinois, recognized by the Board of Supervisors of Fayette County and designating Brownstown, as its location.

The fair which will be held September 9 to 12 inclusive is for the purpose of creating a competitive in-

terest in agriculture, to stimulate the raising of more and better blooded live stock, poultry, to encourage the activities of the public schools and to provide a permanent place wherein the exhibits may be assembled, displayed and the prize money offered and awarded.

For the past several years an agricultural exhibition has been held in Brownstown, which was sponsored entirely by the Brownstown business men and was known as a "Community Fair." By recognition of the Board of Supervisors and the organizations of the Fayette County Fair Association, the state will now aid in

the distribution of the premiums. The officers of the newly organized Association are: Oliver Reece, president; D. O. Pilche, vice president and J. R. Jackson secretary. All reside in the vicinity of Brownstown.

POLICE HAVE NEW DUTY
NEW BERN, N. C.—(UP)—Local police officers have added a new duty to their daily routine. A hurry-up call sent three policemen to a home on the outskirts of the city. They found an irate father who informed they they were summoned to make his stubborn son take a dose of medicine. The boy took it.

REPUBLICANS IN

IOWA IN SUPPORT

NEW TARIFF BILL

Nominate Dickinson As

Senatorial Candidate

In State Primary

By GENE GILLETTE.

United Press Staff Correspondent.

Des Moines, Ia., June 3.—(UP)—

Agricultural Iowa was writing her

approval of the pending Smoot-Hawley

tariff bill today by piling up a

big majority in the state primary

election for Rep. L. J. Dickinson in

his race to be the Republican candidate

for the United States Senate.

Dickinson based his primary campaign

for the seat, now occupied by

Democratic Senator Daniel F. Steck,

on support of the tariff measure for

which he voted in Congress. His

principal opponent, Governor John

Hammill, opposed the bill on the

plea that it rendered insufficient aid

to the farmer.

Dickinson's victory was so overwhelming

that before more than three-fourths

of the ballot had been counted Gov. Hammill

conceded defeat and wired his opponent

congratulations. In the contest for the

Republican gubernatorial nomination

there likewise was a wide margin

between Dan W. Turner, the leader,

and Ed. M. Smith, his closest rival.

The tabulation with 1732 precincts

reporting out of Iowa's 2433.

Dickinson's Lead Big.

For United States Senator: Dickinson, 144,131; Hammill, 81,520; Lund, 29,473; Payne, 8,404.

For Governor: Turner 163,958; Smith 82,118; Lange, 24,815.

Iowa is deemed so predominantly

Republican that nomination as the

Republican candidate is considered

tantimane to election unless unforeseen

friction develops within the party.

Thus Dickinson is likely to succeed

Senator Steck in the Senate and

Turner is almost sure to replace

Governor Hammill.

Steck, the first Democratic Senator

from Iowa is half a century, was

carried into office on a split in the

O. P. He was renominated at the

primaries, for he was without opposition,

as were Democratic candidates for

most state offices.

Other Nominations.

Aside from the Senate and Governor

places Iowa nominated candidates

for 11 places in the United States

House of Representatives, for all

state offices, and for a majority of

the seats in the state legislature.

In the minor races Gilbert N. Hau-

gen, whose three decades of service

in the House have rendered him one

of the oldest legislators in the na-

tion, was leading C. A. Benson, his

nearest opponent, by slightly more

than 2,000 votes for renomination as

Republican Congressman from the

Iowa district.

Otto Lange, gubernatorial candi-

date who announced he favored a

referendum on the prohibition ques-

tion, was running a poor third and

Frank J. Lund, who attacked lead-

ers in the Senatorial contest on the

ground they were "inactive" for

prohibition, also was in third position.

Green Shell Paper nicely put up in

rolls. Very attractive color. B. F.

SUES FOR TREE CUTTING

HIGH POINT, N. C. —(UP) — Charging that trees on his property were cut down to prevent poor and unfortunate boys' from seeing Piedmont League baseball games and to maliciously damage his property, J. Maynard Kennedy has brought suit in municipal court for \$500 actual and \$500 punitive damage against C. T. Willis. Kennedy said Willis referred to the former's property adjoining the ball park as "Hell Hole," thereby dissuading a number of people from buying home sites there.

Delivering the Goods

The railroads of the country go everywhere and carry everything, and thus they enter into every phase of modern life. The vast flow of goods that moves over their lines is proof of the diversity and immensity of needs and desires in a great nation where a high standard of living prevails. Truly the railroads serve everybody and in every conceivable way.

The railroads serve the individual by carrying food and clothing. They serve the home by transporting building materials and fuel. They serve agriculture by hauling seed stock and implements and farm products. They serve industry by moving raw materials and manufactured goods. In fact, everything that contributes to our national economic productivity enters into the great stream of traffic that unceasingly pours through the nationwide channels provided by the railroads.

Altogether this traffic stream is made up of approximately 25,000 classifications of commodities, some of which in turn comprise hundreds of different items. The value at destination of a year's shipments by rail in the United States was recently estimated as being approximately sixty-eight billion dollars.

The railroads are mindful of the great responsibility resting upon them by reason of the essential nature of their work. They are proud of their record of service in the past, but at the same time they are steadily increasing their capacity and efficiency. With the continued good will of the public, they can be relied upon to advance constantly in usefulness to the nation.

Constructive criticism and suggestions are invited.

52 times a year you may travel this path that leads to leisure

IN EVERY HOME there stand a clothes hamper. And into it go hours of labor, backaches, frazzled nerves—the weekly washing. But this hamper needn't hamper you. Let us show you the lane that leads to leisure, through our modern laundry service.

Invest your washday in serving as a comrade to husband and children. It will bring far greater dividends than hours wasted at a washtub. Just as you have made an art of homemaking, we have made a business of washday.

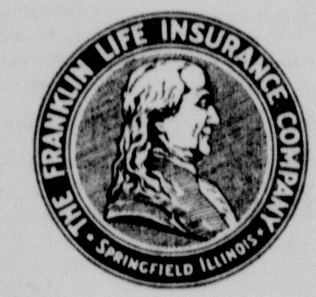

Hundreds of women in this community use our service every week. Many of them, doubtless, are your neighbors. They know the joy of worry-free washdays . . . and they know, too, that our way safeguards health as well as clothes!

We are as convenient as your telephone. Call now, and a routeman will stop at your home to explain the different services we offer and help you select one suited to your needs. Start to enjoy that extra day of freedom this week.
